

## *RACER RESIN & NSR REGIONAL SUNDAY MARCH 7<sup>TH</sup> 2010*

### *RACER RESIN REGIONAL RULES*

**CARS :** Any Racer Resin brand car, kit or RTR, is allowed. Kits must be complete with all the parts that come in the kit. As new cars are introduced they will become eligible.

**BODY :** Bodies must not be modified or cut in any way, exception being thinning the resin for tire clearance. Kit cars must have numbers showing on front and sides of the body. Cars must start each race with all parts intact except for mirrors, wipers and antennas. All cars must start with rear wing in place, if it comes on original model. Bodies can be painted. Bodies must be attached to chassis using provided screws in stock location. If body screws are run loose, tape must be placed over holes in bottom of chassis. Car must have interior, only Racer interiors (Lexan or resin) are allowed. No Slot.it interiors. Windows must remain transparent.

**CHASSIS :** Racer chassis only with Slot-it motor pods. NO TRACTION MAGNETS. No Slot.it suspension of any kind allowed. Inline & sidewinder motor pods only, standard or offset. Sanding edges of motor pods and chassis for float is legal. No modifications to axle mounts front or rear is permitted. Front axle ride height adjusting blocks must be in place. Axle shims and/or stoppers are allowed.

**WHEELS AND TIRES :** Racer or Slot.it wheels must be used. Slot.it F1 wheels not allowed. The correct inserts for the wheel must be used. All rear tires to be supplied hand-out on race day. Allowed rear tires: Slot.it SIPT03, SIPT06, SIPT17, SIPT18, IG2201, IG2086, IG3003, IG4008, IG4009 or M4. Slot.it Zero grips or stock Racer tires can be used on the front. Rear tires may extend past body by no more than 1mm. Original inserts must be used but may be painted. No chemicals may be used on the tires.

**GUIDE BLADES/BRAID :** Any Slot-it or Racer guide blades are allowed. Any manufacture braid and wire can be used-must be attached to guide through Slot-it eyelets and may not be glued or soldered.

**MOTOR :** Only Slot-it 21,500 RPM motor is allowed - supplied hand-out on race day. Any Slot.it pinion may be used.

**GEARING :** Any gear ratio is allowed using Slot.it gears.

**WEIGHT :** Weight may be added to the inside of the chassis. No weight may be attached to the underside of the chassis.

**LIGHTING :** May be added (Optional) If used must be Slot.it brand.

### *NSR REGIONAL RULES*

**ELIGIBLE CARS :** Ford Mark IV, Porsche 917K, Ford P68

**BODY :** Bodies must not be modified or cut in any way-including wheel wells. Cars must start each race with all parts intact (except for mirrors, wipers, antennas) All cars must start with rear wing in place. Bodies can be painted. Simple paint is allowed but all cars must have numbers and look like race cars. Bodies must be attached to chassis using provided screws in stock location. If body screws are run loose, tape must be placed over holes in bottom of chassis. Windows must remain transparent.

**CHASSIS :** Stock chassis and stock motor pod only. Any NSR suspension springs allowed. NO TRACTION MAGNETS. No modifications to axle mounts front or rear is permitted. The complete interior must be used and no modification or lightening is allowed. Axle shims and/or stoppers are allowed.

**WHEELS AND TIRES :** The stock front and rear wheels may be replaced by any NSR wheels. Rear tires must be Slot.it S1 or S2 compound silicone, Slot.it part numbers SIPT03, SIPT06, SIPT17, SIPT18. No F1 tires allowed. Rear tires will be provided hand-out on race day. Rear tires may extend past body by no more than 1mm (.040"). No chemicals may be used on the tires.

**GUIDE BLADES/BRAID :** Stock guide blade may be replaced by any NSR guide. Any brand braid and lead wire can be used but must be attached to guide through eyelets and may not be glued or soldered.

**MOTOR :** Must use NSR Shark 20k motor, which will be provided hand-out on race day.

**GEARING :** Any gear ratio is allowed using NSR brand gears only.

**WEIGHT :** Weight may be added to the inside of the chassis (No weight may be attached to the underside of the chassis.)

**LIGHTING :** May be added (optional)
